

'Back To Basics' Conference

Visit Queenstown - An Invitation From Region 5

Queenstown has all the beauty and mystique to provide a superb location for the 2010 Road Transport Forum Conference.

The theme 'Back to Basics' will flow throughout the conference with a programme aimed at encouraging businesses to reflect on the past and contemplate the future with good sound principles.

We are mindful of current economic conditions and have tailored conference to minimise the time members need to be absent from their businesses, while encouraging those that can spare the time to take in the sights and indulge in the many wonderful activities Queenstown and Central Otago has to offer.

The ladies committee has excelled in providing a varied range of events to provide enjoyment for all.

Please make Queenstown a must for September in order to enjoy conference, meet old friends and support our valued sponsors and business partners.
