## **WORKSAFE UPDATES FOR LIVESTOCK TRANSPORTERS**

Worksafe recently released a Technical Bulletin on the use and maintenance of Stock Loading ramps. It can be viewed here:

<https://worksafe.govt.nz/about-us/news-and-media/stock-loading-ramps/>

That release is timely as NLT&SG were set to circulate the Worksafe Safe cattle Handling Good Practice Guidelines. That was at the behest of some industry members. The guidelines can be viewed here:

[file:///C:/Users/markn/Downloads/WKS-4-working-with-animals-safe-cattle-handling%20\(3\).pdf](file:///C:/Users/markn/Downloads/WKS-4-working-with-animals-safe-cattle-handling%20(3).pdf)
